Dear Churches, Supporters, Alumni, Family and Friends,

I wish I could report all the miracles that happened the 3 days during the Mother's Day Miracle Crusade in El Salvador, May 10, 11, & 12. I couldn't write them down fast enough. On every side, people were being touch by the Miraculous.

Combining the 3 services together, 75 to 100 people, prayed the Sinner's Prayer.

***But I want to build your faith and tell you some details of a few of the miracles...***

**Baby injured by fall from a hammock:**

The first night, a mother brought her motion-less toddler in her arms for prayer. The only thing that the baby could really move were his eyes. When he was a newborn, he fell from a hammock, and damaged his spinal column. I really don't know what was all wrong with him, but I know that after Marc began to move his finger up his spinal column as he prayed for him, he lifted his head and turned to him; held his neck upright and straight, and gave Marc the biggest smile. Pastors Jairo and Veronica went to visit the mom on Monday, and she and the little boy are doing great.

### **Woman with fractured arm:**

One of our missionaries, Ilesia, brought her mom to the crusade for prayer. Her mom had a fractured arm. After she was healed, Ilesia said, "Now, she can make tortillas and wash clothes."

**Before photo: Ilsia with her mom raising her fractured arm.**

**Beside Ilsia to the left, woman praying for healing for her eyes. She had a detached retina and was totally healed.**

**After photo: Ilsia's mom clapping her hands. No more pain in her fractured arm.**

### **Woman with detached retina, totally blind:**

In our pastors meeting the Monday before the crusade, Pastor Mario shared with the team about a mother that was giving them a hard time about bringing her children to church. Sometimes she let them, but she would get angry if they were late. And they were already Guardians of the Vision. But inside, she was probably angry because her optic nerve was severed in both eyes, making it impossible for her sight to be restored, leaving her totally blind. The photo above shows that she came forward for prayer, but she didn't receive healing. Marc didn't realize who she was or that she had already come forward for healing. He just approached her as she sat in her chair and knew that she was blind. He began to pray over her, and then held up his fingers and asked if she could see anything. At first, she had a real attitude towards him, and answered him sarcastically. But as she began to realize that God was healing her, you could just see the change on her face. But the funny part about it was that the first person she saw was Pastor Mario, jumping up and down, waving his arms to see if she could see.

### **Elderly woman with glaucoma healed:**

Several people were healed of eye problems. Not totally blind, but unable to read their Bibles. They were thrilled as they could now read their Bibles in the smallest print!

### **Man with hernia healed:**

Marc said he prayed for a man with the biggest hernia he had ever seen. As Marc prayed, he saw before his eyes the hernia deflating. He jokingly said to the man, *"Now, where is the hernia? I want you to put your hand on the hernia as I pray for it."* The man put his hand on the chest, and then began to feel around for it. It was gone!

### **Back & knee pain healed:**

Many people were healed that had knee injuries and back problems. Many who couldn't bend down in years. All pain was gone!

### **Injured ankle healed; leg grew 2 inches:**

Oscar, a member of our church, fell into a hole about 2 years ago as he was walking in a ravine. For the last two years, he has walked with a limp, pain

shooting up his leg. His ankle froze; he couldn't move it to the left or right or turn it to the side. As Marc prayed for him, he saw his leg grow 2 inches before his eyes. Marc asked him to show him what was wrong with his foot. Oscar began to tell him what he couldn't do, but as he tried to show him, he could do it all. He started jumping up and down, and running across the stage, doing things he hadn't done in 2 years. Totally healed!

**Marc praying for Oscar's leg; minutes later, his leg grew 2 inches, and his ankle was totally healed!**

### **10 year old deaf mute healed:**

A group had gathered around a 10 year old deaf mute boy, praying for his healing. Marc walked up to him, stuck his finger in his ear, and he was healed in that ear. The children had fun teaching him words since he had never spoken or heard before.

### **Deaf, blind and injured man:**

Marc prayed for an elderly man who was deaf, blind, and had an injury to his head. He was healed of his deafness and the head injury, but did not receive his sight. But his faith was soaring as he declared to Marc, that he wasn't healed of his blindness "not yet, but I will be." He was excited to be able to hear again and to have his head healed.

### **Eric's grandfather in his 90's:**

Some of you know of the young man named Eric, who is our neighbor and "adopted son." His 90 year old grandfather came to the Miracle Crusade, as well as his uncle. Both had pain in their legs and backs, and both were healed. Eric's grandfather hadn't been able to lift his arms over his head in

a long time, and God touched him. He started lifting his arms and walking normal. His uncle jumped up and down.
